Nel 1886 il nobile scozzese John Clayton e sua moglie naufragano sulle coste occidentali dell'Africa. I due non sopravvivono all'ambiente ostile: Alice muore dando alla luce il piccolo Jack, John è ucciso da uno scimmione detto Silverbeard, per il pelo bianco che ha sul muso. Il bambino, salvato e accudito da una scimmia femmina, una volta cresciuto, si batte con Silverbeard e gli strappa il comando del branco. Ma la natura umana continua a vivere in lui come un istinto.

In 1886, following a shipwreck off the west coast of Africa, an infant child became part of a family of apes who raised and protected him. As he grew, he learned the laws of the Jungle and eventually claimed the title, Lord of the Apes.

Yet, years later, when he was returned to civilization, he would remain uncertain as to which laws he should obey... those of man... or those of the jungle.

Now the director of "Chariots of Fire," captures this epic adventure of a man caught between two different worlds.
